

It's no longer simple to choose and purchase a kitchen sink with so many options available, sometimes, it can be stressful and confusing! We heard you and Rubine KIN R10 was evolved from the 6 most popular designs of the zero radius handmade sinks. It's made from 1.2mm thick 18/8 stainless steel and features a small R10 radius at the 4 corners of the bowl for easy cleaning. This minor change in the bowl design has made this series of sink popular, and definitely an impeccable beauty in your kitchen.
