

* Measured in Millimeters (mm)
* Product dimension is for reference only.

M. VELINO toilet suite is designed with a perfect round and an ergonomic pan height with no hidden contour; thus, it inspires practical hygiene in your bathroom and is highly desired by the younger generation. Its strong character is especially evident in the ceramic white surface, thanks to the use of a special glazing formula that ensures the toilet is shine and easy to clean - the nano surface technology. It has 3 models with different types of installations; a wall-hung model for those who want a clean look in their bathroom or a traditional close-coupled model with S-trap 10" connection or a P-trap model for those homes with concealed wall sewage. Modern and easy to maintain ensure a feel-good factor and everyday convenience.

Product Information	
Model	MV-202S10
Material	Vitreous China (Pan), Vitreous China (Cistern), Urea (Seat)
Colour	White
Overall Dimension	850 x 360 x 680mm (Ergonomic pan height 420mm)
Net Weight	48 Kg
Installation	Floor-mount, S-trap 250mm
