# NEW BATHROOM CONCEPT

Rubine, has been focusing on bathroom furnishing since 1999, continues to explore a new bathroom concept that offers an ergonomic product for your bathroom, and the objective is to provide a culture of quality, design and comfort.

Following the success of the BOW collection, our designer has gone into depth to understand more on the real applications and customer needs of a bathroom cabinet. It must be a balance of aesthetic, quality and functionality, with the flexibility to support any interior design without interfering the style.

The latest additions to this BOW collection include a stylish 90cm cabinet with countertop basin and two drawers provides logical storage space for toiletries and towels. And if round is your cup of tea, then the 80cm Giro series is your perfect choice, with a round basin sitting on top of a half-round cabinet. Mirrors are almost indispensable in our daily life and our designers have always paid good attention to this item to ensure it matches well with any design of cabinet and its functionality.

With Rubine bathroom furniture, it is the answer to your ideal warm and modern bathroom.

## 90cm CABINET

80cm CABINET

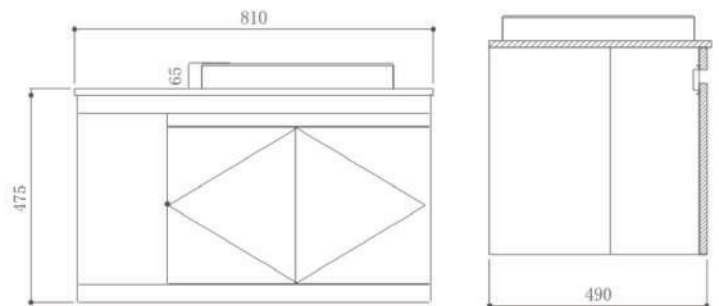

Giro series was a very controversial piece of furniture when our creative director first drafted it; the complication to produce the characteristic curve at the corner was a challenging task at that time. But as round is the concept, we need the curve to match the round basin and the final piece was impeccable. Designed with 2 doors and a large storage compartment, it is definitely a timeless piece of furniture in your bathroom. To complete, choose a Rubine 1581D1S2 mirror cabinet to match this unique piece of furniture. Available in pearl black and white colour.
