

GAS WATER HEATER

BENE 10FE

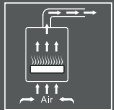

Rubine™
Indulge in the Aqua Lifestyle

Enjoy The Comfort And Convenience Of Continuous Hot Water From Rubine Instant Gas Water Heater

BENE 10FE

FEATURES:

Forced Exhaust Type

Smart LED Display & Touch Screen

High-Efficiency Heat Exchanger

Built-In Flow Stabilizer

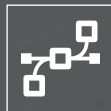

Multi-Safe Protections

Low Noise DC Fan

Constant Hot Water Temperature

Multi-Hot Water Outlets

Rubine was founded in 1999 and since then, we have been focusing in the bathroom and heating appliances business. The development of BENE 10 gas water heater was to use a cleaner source of energy to heat up water rather than electricity which emits higher CO2 and also, getting more expensive nowadays. At Rubine, we are abided by designing products that used less water and less energy; be it a small tap or a centralised hot water system. We are always striven to be part of the GREEN effort in helping the climate change.

Why choose Rubine gas water heater?

BENE 10 is an instantaneous multi-points water heater produced by the Top 10 water heater brands in the world and it is equipped with a DC stepless inverter fan motor that is quiet in operation and saves half of its usual energy. The fan speed is almost double of a AC fan, it has high wind resistant and is suitable to install at tall building, building near the sea or even hill top. A simple-to-use big circular display screen with soft touch control that is user friendly to the young and old. Lastly, it has a decorative cover at the bottom of the heater to hide all the plumbing pipes, it beautifies and also acts as a preventive cover.

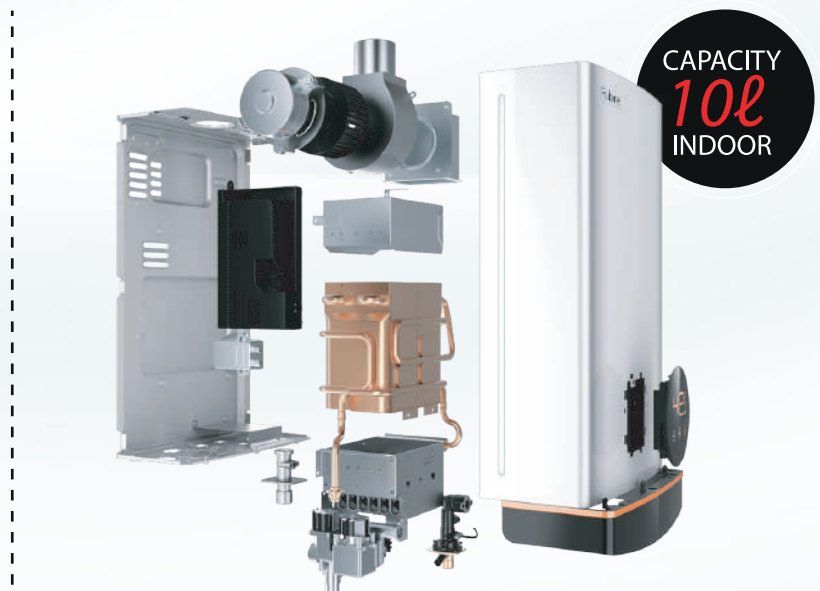

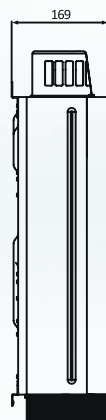

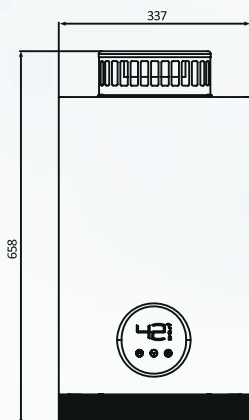

PRODUCT SPECIFICATION:

- Capacity – 10 L - Indoor
- Gas type – Town Gas
(Convertible to Natural Gas)
- Multi Hot Water Outlets

KEY FEATURES

- DC inverter fan motor
- Big display screen & soft touch control
- Low flow activation (2.4L/min)
- High wind resistance suitable for tall buildings, building near to sea or even hill top.

DIMENSION

GAS WATER HEATER

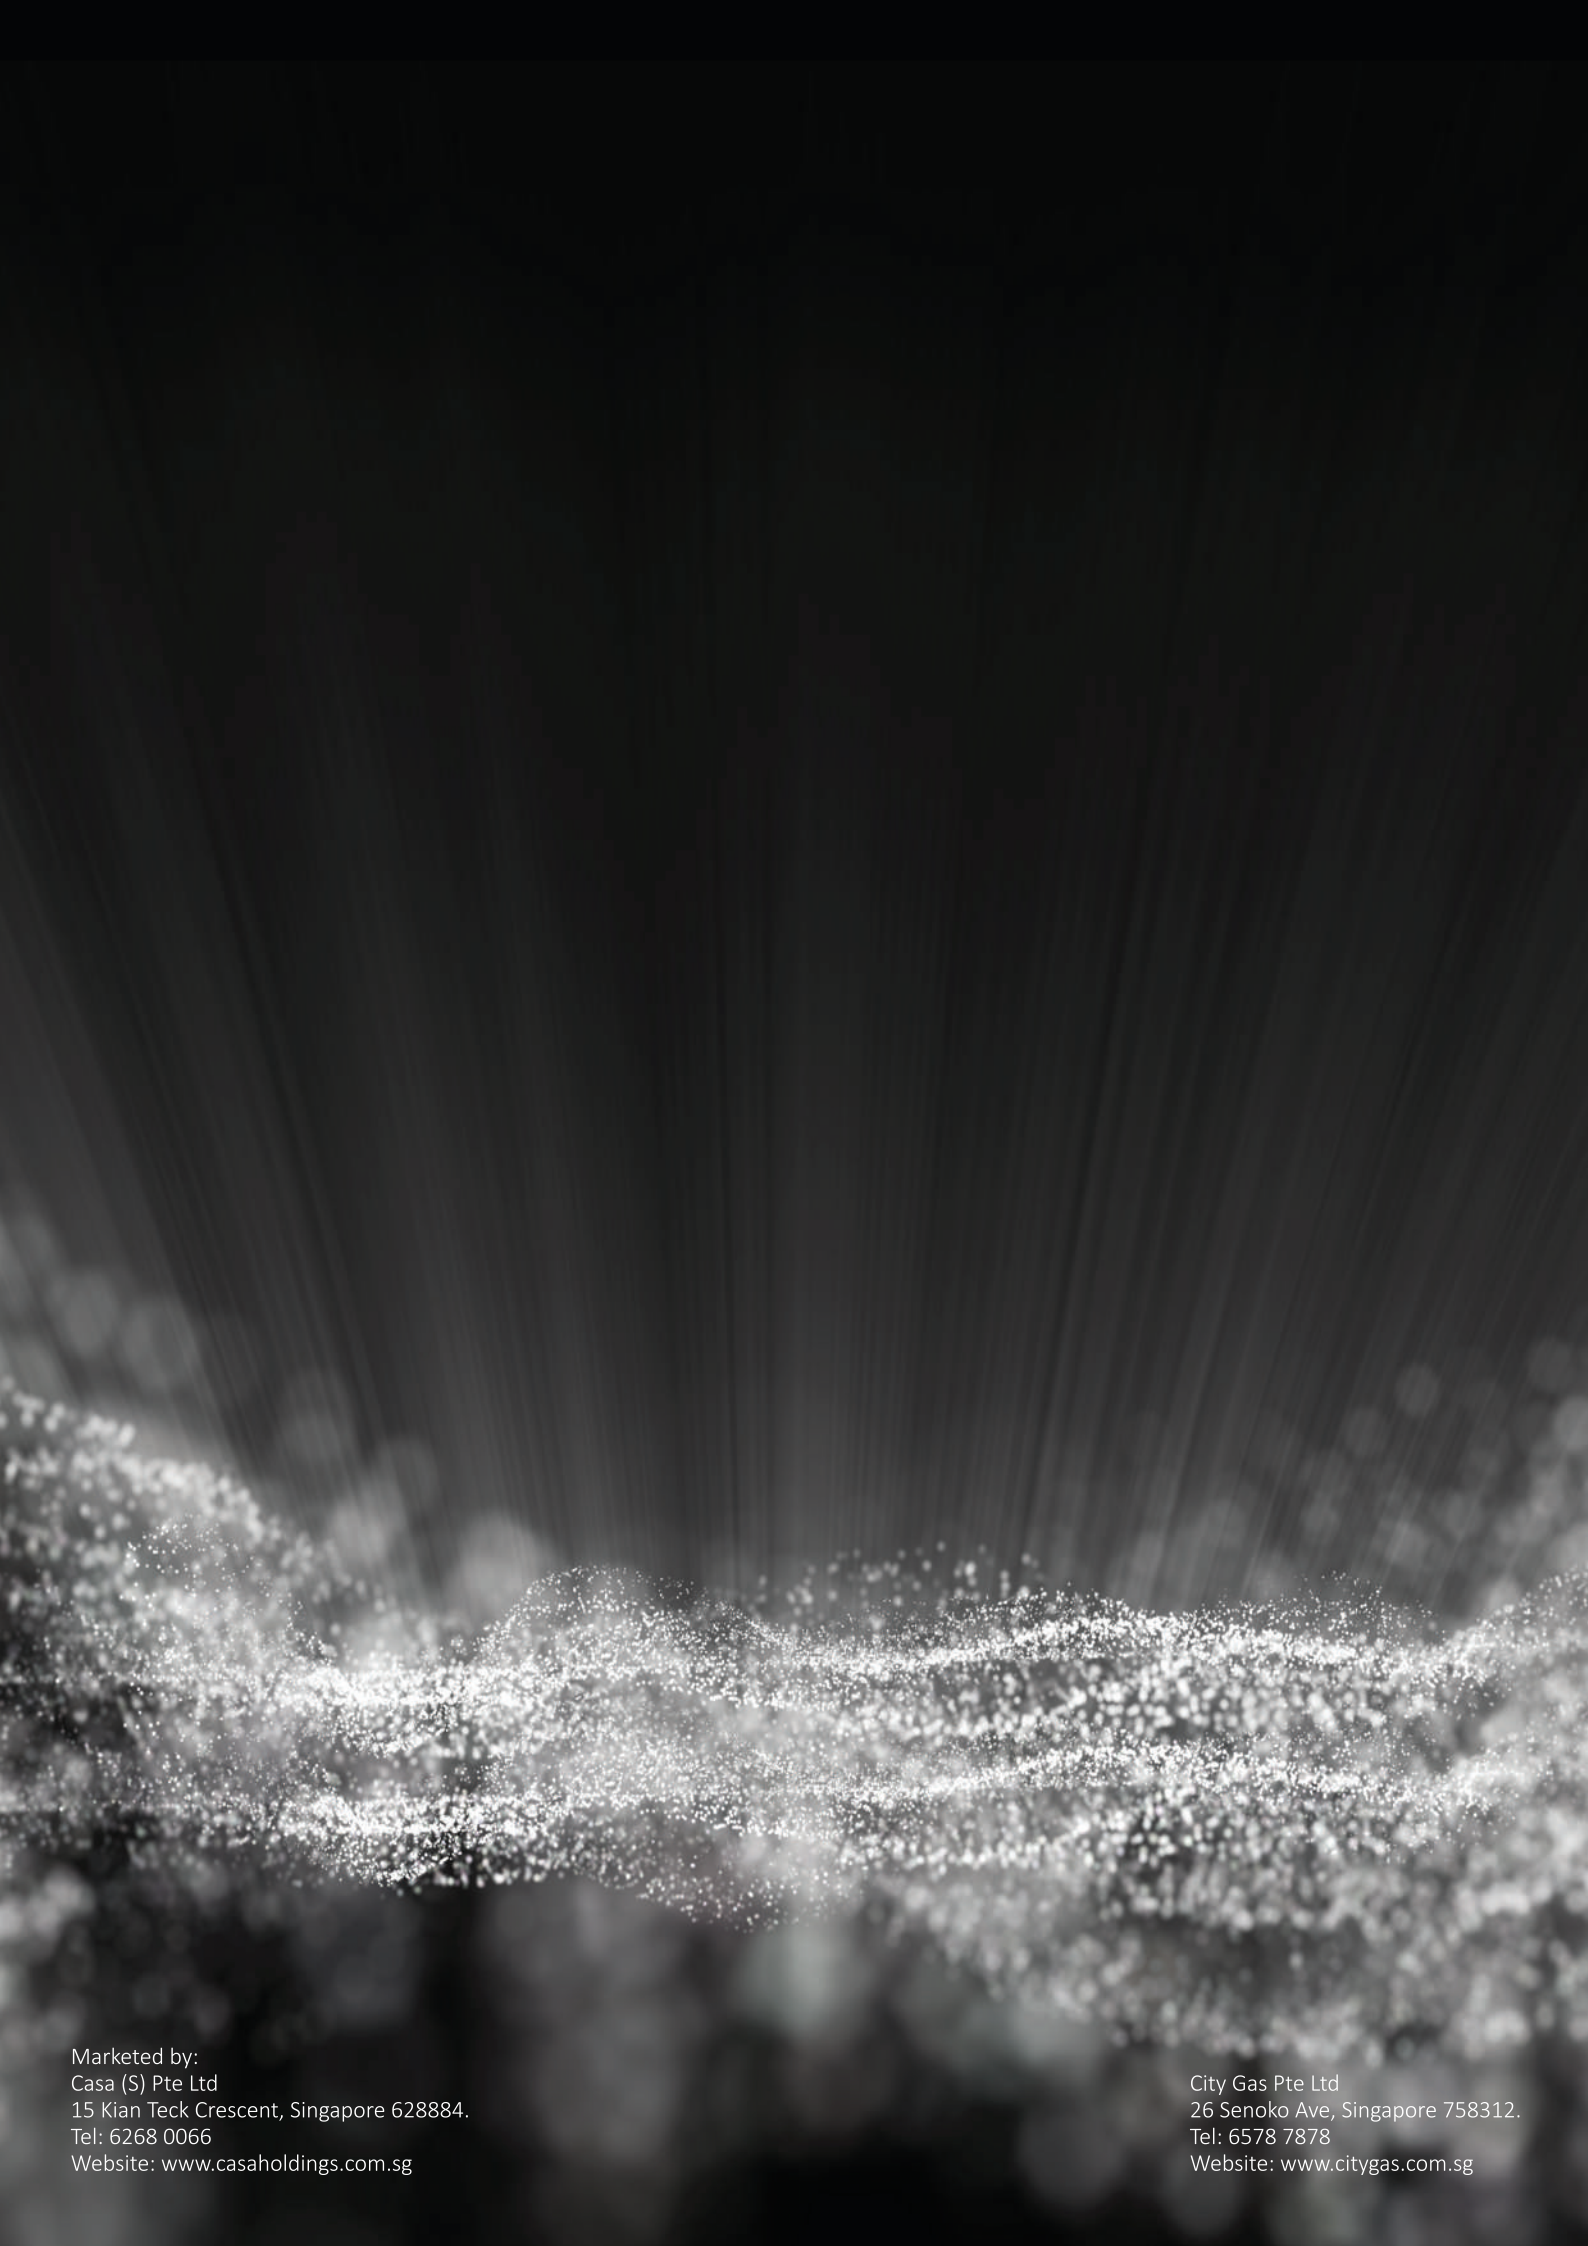

BENE 10FE

SAVES ENERGY | QUIET | HIGH WIND RESISTANCE | LOW SAFETY VOLTAGE | MULTI-POINTS

TECHNICAL SPECIFICATIONS

Model	BENE 10FE	
Rated heat load (kW)	9	
Minimum rated heat load (kW)	2.4	
Rated hot water supply (T Δ 11°C) (kg/min)	10	
Using type of gas	Town Gas (G110)	
Rated gas pressure	10mbars	
Exhaust type	Forced Exhaust Type	
Ignition type	Water control automatic ignition	
Suitable Water Pressure	0.02-0.8MPa	
Connector Specification	Gas inlet	G1/2
	Cold water inlet	G1/2
	Hot water outlet	G1/2
Rated power supply	230V~50Hz	
Rated power	20W	
Flue duct diameter	Ø60
